CENTRAL KENTUCKY'S GREAT DEPARTMENT STORE  
**Kaufman, Straus & Co.**  
Lexington, Kentucky.

### LEVELERS

#### The Mission of Whiskey, Tobacco and Coffee.

The Creator made all things, we believe.

If so, He must have made these. We know what He made food and water for, and air and sunshine, but why Whiskey, Tobacco and Coffee?

They are here sure enough and each performing its work.

There must be some great plan behind it all; the thoughtful man seeks to understand something of that plan and thereby to judge these articles for their true worth. Let us not say "bad" or "good" without taking testimony.

There are times and conditions when it certainly seems to the casual observer that these stimulant narcotics are real blessings.

Right there is the ambush that conceals a "killing" enemy.

One can slip into the habit of either whiskey, tobacco or coffee easy enough, but to "untangle" is often a fearful struggle.

It seems plain that there are circumstances when the narcotic effect of these poisons is for the moment beneficial, but the fearful argument against them is that seldom ever does one find a steady user of either whiskey, coffee or tobacco free from disease of some kind.

Certainly powerful elements in their effect on the human race.

It is a matter of daily history testified to by literally millions of people that Whiskey, Tobacco and Coffee are smiling, promising, beguiling friends on the start, but always false as hell itself in the

own resolution. It is nearly always a tough fight, with disaster ahead sure if the habit wins.

There have been hundreds of thousands of people driven to their graves through disease brought on by coffee drinking alone, and it is quite certain that more human misery is caused by coffee and tobacco than by whiskey, for the two first are more widely used, and more hidden and insidious in the effect on nerves, heart and other vital organs, and are thus unsuspected until much of the dangerous work is done.

Now, Read, what is your opinion as to the real use the Creator has for these things? Take a look at the question from this point of view.

There is a law of Nature and of Nature's God that things slowly evolve from lower planes to higher, a sturdy, steady and dignified advance toward more perfect things in both the Physical and Spiritual world. The ponderous tread of evolutionary development is fixed by the Infinite and will not be quickened out of natural law by any of man's methods.

Therefore we see many illustrations showing how nature checks too rapid advance. Illinois raises phenomenal crops of corn for two or three years. If she continued to do so every year her farmers would advance in wealth far beyond those of other sections or countries. So Nature interposes a bar every three or four years and brings on a "bad year."

Here we see the leveling influence at work.

A man is prosperous in his business for a number of years and grows rich. Then Nature sets the "leveling influence" at work on him. Some of his investments lose, he becomes luxurious and lazy. Perhaps it is whiskey, tobacco, coffee, women, gambling, or some other form. The intent and purpose is to level him. Keep him from evolving too far ahead of the masses.

A nation becomes prosperous and great like ancient Rome. If no leveling influence set in she would dominate the world perhaps for all time. But Dame Nature sets her army of "levelers" at work. Luxury, over-eating and drinking, licentiousness, waste and extravagance, indulgences of all kinds, then comes the wreck. Sure, Sure, Sure.

The law of the unit is the law of the mass. Man goes through the same process. Weakness (in childhood), gradual growth of strength, energy, thrift, probity, prosperity, wealth, comfort, ease, relaxation, self-indulgence, luxury, idleness, waste, debauchery, disease, and the wreck follows. The "levelers" are in the bushes along the pathway of every successful man and woman and they bag the majority.

Only now and then can a man stand out against these "levelers" and hold his fortune, fame and health to the end.

So the Creator has use for Whiskey, Tobacco and Coffee to level down the successful ones and those who show signs of being successful, and keep them back in the race, so that the great "field" (the masses) may not be left too far behind.

And yet we must admit that same all-wise Creator has placed it in the power of man to stand up right, clothed in the armor of a clean cut steady mind and say unto himself, "I decline to exchange my birthright for a mess of pottage."

"I will not deaden my senses, weaken my grip on affairs and keep myself cheap, common and behind in fortune and fame by drugging with whiskey, tobacco or coffee, life is too short. It is hard enough to win the good things, without any sort of handicap, so a man is certainly a 'fool trader' when he trades

end. Once they get firm hold enough to show their strength, they insist upon governing and drive the victim steadily towards ill health in some form; if permitted to continue to rule, they will not let up until physical and mental ruin sets in.

A man under that spell (and "under the spell" is correct) of any one of these drugs frequently assures himself and his friends: "Why, I can leave off any time I want to. I did quit for a week just to show I could." It is a sure mark of the slave when one gets to that stage. He wiggled through a week fighting every day to break the spell, was finally whipped and began his slavery all over again.

The slave (Coffee slave as well as Tobacco and Whiskey) daily reviews his condition, sees perfectly plain the steady encroachments of disease, how the nerves get weaker day by day and demand the drug that seems to smile and offer relief for a few minutes and then leave the diseased condition plainer to view than ever and growing worse. Many times the Coffee, slave realizes that he is between two fires. He feels bad if he leaves off and a little worse if he drinks and allows the effect to wear off.

So it goes on from day to day. Every night the struggling victim promises himself that he will break the habit and next day when he feels a little bad (as he is quite sure to) breaks, not the habit, but his

## 10 Per Cent--REDUCTION--10 Per Cent

### An up to date Stock of Furs

WISE BUYERS LOOK UP FUR PURCHASES EARLY IN THE SEASON. THEY GET THE PICK OF THE STOCK.

### 10 Per Cent--Reduction--10 Per Cent

If you want Furs that you can depend upon—Furs that look right and Furs that are right—Lowenthal has them and all sales the coming week reduced.

### 10 Per Cent-Reduction-10 Per Cent

A select stock of Skins always on hand for made-to-order garments. No matter what Fur work you want done, we have experienced Fur workers to do it right, let us have your repair work now.

**M. LOWENTHAL,**  
Retail Manufacturing Furrier,  
Fayette Phone 1162 222 W. Main St.  
Lexington, Kentucky.

strength, health, money, and the good things that come with power, for the half-asleep condition of the "druggist" with the certainty of sickness and disease ahead."

It is a matter each individual must decide for himself. He can be a leader and semi-god if he will, or he can go along through life a drugged clown, a cheap "hewer of wood or carrier of water."

Certain it is that while the Great Father of us all does not seem to "mind" if some of his children are foolish and stupid, he seems to select others (perhaps those he intends for some special work) and allows them to be threshed and castigated most fearfully by these "levelers."

If a man tries flirting with these levelers awhile, and gets a few slaps as a hint, he had better take the hint or a good solid blow will follow.

When a man tries to live upright, clean, thrifty, sober, and undrugged, manifesting as near as he knows what the Creator intends he should, happiness, health and peace seem to come to him. Does it pay?

This article was written to set people thinking, to rouse the "God within" for every highly organized man and woman has times when they feel a something calling from within for them to press to the front and "be about the Father's business," don't mistake it; the spark of the Infinite is there and it pays in every way, health, happiness, peace, and even worldly prosperity, to break off the habits and strip clean for the work cut out for us.

### Counterfeiting the Genuine.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate people. For sale by Wm. S. Lloyd. 16-5t.

Light had fallen over the Lincoln Park zoo.

"I love you," whispered the big gentleman elephant.

"And am I worth my weight in gold?"

"Gold? Why, darling, you are worth your weight in peanuts."

And far away a laughing hyena chuckled to himself.

Fred—Jack has succeeded in making his fiancée believe that black is white.

Joe—Speaking of what?

Fred—His character.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you. 16-5t

### SIBERIAN RAILWAY.

#### Can Carry 35,000 Men and Necessary Stores Every Four Weeks.

It is reported that the Russian military transport authorities estimate the through carrying capacity of the Siberian Railway for the next six months at about 35,000 men and the necessary stores every four weeks. Thanks to the completion of the Circum-Baikal line, an increase of 40 per cent. is now looked for. On that calculation Russia will be able by April 1 next to detain in Manchuria the last contingents of 150,000 men from European Russia, or of 200,000 men if the transport of general supplies could be temporarily reduced.

### Favored by Both Parties.

Republicans and Democrats alike praise Foley's Honey and Tar for coughs, colds and all throat and lung diseases, as no other remedy can compare with it. It is safe and sure. F. T. Slater, merchant, 171 Main St., Gloucester, Mass., writes: "Foley's Honey and Tar cured me of a very bad cough which I had for three months though other remedies failed to benefit me. I can highly recommend it for coughs and colds." For sale by W. S. Lloyd. 16-5t.

### SHE THREW \$2,000

#### Into The River.

Berlin, Nov. 3.—A telegram from Hamburg, Germany, says an American woman, Mrs. Pope, who was a passenger on a Hamburg-American liner, suddenly became insane and threw a bundle containing \$2,000 in American money in the Elbe.

### A Card.

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough and heals the lungs. Prevents pneumonia and will cure incipient consumption. Contains no opiates and is safe for children. Ask for Foley's Honey and Tar and insist upon having it. Stops the cough and heals the lungs. For sale by W. S. Lloyd. 16-5t.

The buds of September-budded peaches remain dormant until next spring. We may therefore find it to a great advantage to paint the cut-off stubs of the seedling peach to prevent evaporation and injury to the bud. The paint also prevents decaying and freezing during winter.

Miss Younger—The idea of your having a cuaperon! As if you needed protection.

Miss Elderleigh—Oh, it isn't that. I always have one around to protect the dear boys, you know.

### WHERE WOMEN EXCEL.

#### Are Ahead as Teachers, Professors and Musicians.

Women are coming to the front rapidly as bookkeepers and accountants. In 1890 over 28,000 filled those responsible positions in commercial houses of the United States, and in 1900 their number had increased to nearly 74,000, or over 160 per cent. The number of men in the same business in 1890 was 181,000, and in 1900 it was 180,000, an increase of only about 50 per cent. Bookkeepers receive salaries varying from \$7 a week to \$5,000 a year. Chartered accounts, or certified public accountants, are very handsomely compensated for straightening out the books of involved corporations and commercial partnerships. They have a way of making figures speak most eloquently on whichever side of the fence they are required to fall.

Woman in man's field is a study. Do you know that 130 women have been found in this country who are expert woodchoppers and make their living with the ax? There are 100 lumber women, as tough and stout as oxen. There are 550 female carpenters and joiners, 170 brick and stone masons, 50 plasterers, 2 roofers and slaters and, merciful Providence, 130 female plumbers! There are other fields of heavy labor in which women are found earning livelihoods. For instance, there are 200 female blacksmiths. Read on: 600 machinists, 3,500 iron and steel workers, 8 steam boiler makers, 10 wheelwrights, 115 coopers, 40,000 boot and shoemakers and repairers, 400 planing mill employes, 180 engineers and firewomen, 500 brick and tile makers, 1,700 leather tanners and curriers, 300 brewers and malsters, 35 distillers and rectifiers! Yet these creatures are not unsexed.

In dressmaking there are 344,000 women, against 2,000 men; but there are more male than female hat and cap makers. There

are 169,000 tailors, against 70,000 tailoresses. There are 147,000 seamstresses and 5,000 seamsters. Bookbinders—women 16,000, men 15,000. As for teachers and professors in colleges, women are always ahead—328,000 against 118,000 men. As musicians and teachers of music women are also in excess—53,000 to 40,000. In laundry work—women 336,000; men, mostly Chinamen, 50,000. Servants and waiters—women 1,285,000, men 277,000. This is surprising. There are no female soldiers, sailors or marines, but we have 900 petticoated watchwomen, policewomen and firewomen.

In the professions women take high rank, and statistics show that they are encroaching, as elsewhere. There are 7,000 actresses, in round numbers; over 1,000 female architects, designers and draughters; 11,000 artists and teachers of art, 3,400 women preachers, 700 petticoated dentists, 400 electricians, 84 surveyors and civil engineers in skirts, over 1,000 Portias, 2,200 journalists who can't sharpen a pencil, 6,000 scientific and literary female geniuses, 8,000 doctresses, 9,000 female Government officials, 1,000 female commercial travelers and 35,000 women who sell merchandise at retail and 300 at wholesale. There is practically no industrial or commercial field in which women have not gained a secure footing. There are over 300 bankers and brokers of the gentler sex, not counting Tinnie Claffin or Victoria Woodhull. All told, 5,500,000 women in this country are engaged in gainful occupations.

Hives are a terrible torture to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents. 13-5t

It is true, that by close planting we may set more trees per acre, but the quality and quantity of fruit is not the same as trees that are properly spaced.
